	E. The Crown has adented and AC 414. Affective annual reporting period beginning April 01, 2010 and applied the standard to its leases.								

- The Group has adopted Ind AS 116, effective annual reporting period beginning April 01, 2019 and applied the standard to its leases using the modified retrospective approach as per para C5(b) of the standard. Accordingly, the Group recorded lease liability at present value of future lease payments discounted at the incremental borrowing rate and corresponding right-of-use asset at an amount equal to lease liability adjusted by the amount of any prepaid or accrued lease payments relating to that lease recognised in the balance sheet immediately before the date of initial application. Accordingly, the Group has not restated comparative information
  - This has resulted in recognising right-of-use asset of ₹1,516.57 million and corresponding lease liability of ₹1,505.32 million as at April 01, 2019, after adjusting advance rent of ₹26.78 million and lease equalization reserve of ₹69.93 million, available as at March 31, 2019, against the right-of-use asset. In the statement of profit and loss for the current period, the nature of expenses in respect of operating leases has changed from lease rent in previous periods to depreciation cost for the right-of-use assets and finance cost for interest accrued on lease liabilities. In respect of lease that were classified as finance lease under Ind AS 17, an amount of ₹54.33 million has been reclassified from Property, plant and equipment to right-of-use assets as at April 01, 2019
- The Government of India, on 20th September 2019, vide the Taxation Laws (Amendment) Ordinance 2019, inserted a new Section 115BAA in the Income Tax Act, 1961, which provides an option to the Company to pay income taxes at reduced tax rates as per the provisions/conditions defined in the said section. The Company has evaluated and expects to exercise the option of lower tax rate of 25.17% (inclusive of surcharge and cess) under Section 115BAA of the Income Tax Act, 1961 as introduced by the Taxation Laws (Amendment) Ordinance 2019 in a subsequent financial year. Accordingly, the Company has estimated the reversal of the deferred tax asset/ liabilities, until the date of exercise of the option and subsequent to exercise of the option. The effect of this change has been recognised in tax expense for the quarter and six months ended 30th September, 2019 on an effective tax basis. This has resulted in increase in the deferred tax expense of Rs. 29.67 million, which has been recorded in quarter and half year period ended 30th September 2019 on account of remeasurement of deferred tax asset.
- Recently, Sparta Consulting Inc. entered into a Settlement Agreement and Release ("Agreement") to fully and finally settle all claims or potential claims which may exist between and among them in an ongoing law suit in US with Copart, Inc.
