Public Policy

Whirlpool of India Ltd. (Whirlpool) believes that active participation and engagement in the public policy arena is an important part of being a responsible corporate citizen, vital to the democratic process and important to our company's success.

We are committed to engaging in a dialogue with policy makers on a wide range of public policy issues important to our company, including trade, taxes, energy, the environment and intellectual property.

Our business is subject to legislative and regulatory requirements at the Central, state and local levels and changes to rules can have a significant impact on our shareholders, customers, employees and communities.

Whirlpool engages with the government, policy makers and regulatory agencies through number of trade and professional associations at the national, state and local level. Our company's position on public policy issues are often communicated through these associations.

Whirlpool ensures that our policy advocacy reflect our integrity, transparency and high ethical standards and are conducted in strict compliance with applicable laws, regulations and good corporate governance practice.
